People we Admire

In Hong Kong, there are many successful and talented actors. Koo Tin Lok, Louis is one of them.

Louis was born in Hong Kong on 21st October, 1970. He committed a crime when he was young and sent to jail for 2 years. However, he started a new life when he was released from jail.

Although he had been sent to jail, he began acting in 1993. He was an actor in TVB where he won the Best Actor in 1999 and 2001. Now he is a film producer too. In addition, he has been the UNICEF ambassador since 2007. In January of 2018, he was elected as the president of Hong Kong Performing Artistes Guild (HKPAG).

I admire Mr. Koo because he is a successful person. I want to be like him. So I will try my best to be good. I believe Hong Kong is a city where provides opportunities for good people.
