By 6A Chen Hei

The person I admire is Mohamed Salah. He was born in Egypt. Mohamed Salah was a famous football player who played in Liverpool Football Club. It is a British football club which is famous in the United Kingdom.

Mohamed Salah scored thirty-two goals in England premier league. Many football fans called him 'Egyptian King'.

I admire Mohamed Salah because he is talented, hard-working and popular. His success teaches us that we should be humble to others. Moreover, we should be hard-working so that our dream can come true.
