A Letter to Sue in Seoul

Dear Sue,

How are you getting along? I am happy that you can be my pen-friend. Let me tell you about Hong Kong.

Hong Kong is a “Food Paradise”. We can try different kinds of cuisine such as Chinese, Japanese and western food. For me, I especially like traditional Chinese food such as egg tart and dim sum.

Besides, Victoria Harbour is a popular place to visit. There are many high-rise buildings on the two sides of the harbour. The view is marvellous and lots of people gather there to take photos particularly at night. We can also see the wonderful firework display during the festive season. Meanwhile, the transport network is well established. You can travel around easily by MTR train, ferry and bus.

In addition, there are two theme parks in Hong Kong. They are Disneyland and Ocean Park. People can enjoy the different exciting rides such as roller coaster and ferris wheel.

I'd like to know more about Seoul. Can you tell me about your place? Write back soon.

Best wishes,

Tiffany
