### A Letter to Sue in Seoul

Dear Sue,

How are you? I am happy that you can be my pen-friend. Let me tell you more about Hong Kong. Hong Kong is a good city. You can eat food from different countries such as Japanese food, Chinese food, Korean food, and Italian food. Owing to this reason, Hong Kong is known as the “Food Paradise”.

Besides, The Victoria Harbour is a marvellous place. There are a lot of high-rise buildings and the view is magnificent. Most importantly, we can see the firework display on the harbour on the New Year’s Eve.

In addition, the transport network in Hong Kong is well developed. People can travel from one place to another easily by public transport such as the MTR train, bus and mini bus. A lot of tunnels and highways can be found in Hong Kong too.

Finally, there are two major theme parks in Hong Kong. They are Hong Kong Disneyland and Ocean Park. People can enjoy exciting rides and interesting shows.

I look forward to seeing you soon.

Best wishes,

Tiffany
